OUR SALES

Sales Description

Halfslash Music started in 2019 as a small, passionate initiative to discover and promote local talent. With a vision to redefine the music industry, we began producing and managing independent artists, steadily building our reputation for quality and innovation.

By 2021, our efforts started gaining traction, with notable collaborations and increased recognition in the industry. Revenue grew modestly during this period as we reinvested in talent grooming and brand development.

In 2023, Halfslash Music officially became a fully-fledged record label, marking a significant milestone in our journey. With strategic partnerships, improved marketing, and a growing roster of exceptional artists, we achieved remarkable growth, generating revenue of up to \$50,000 within the year.
